Thank you, Jemellee.

I'm assuming this will still work with LMSA? Renee/Javier, does this work for you both?

Hello, everyone. We apologize but to accommodate LAPD's schedule, we need to move the posting/cleanup along Ballona Creek from the 485 Frey to Pacific Avenue from 5/7/19 to 5/8/19. It is possible for this cleanup to last 2 days.

Here's the revised schedule:

1st Posting: 4/24/19
2nd Posting: 5/1/19
Cleanup: 5/8/19

Update on the cleanup along Ballona Creek from Overland to 485 freeway

All areas along this channel segment were cleared except for under the Sepulveda Bridge, due to an individual who refused to leave. Culver City PD informed our crew that they could not make/force this individual to leave. Our contractor will not clear areas where there are individuals on site.

Thank you.

Hello everyone...this is the earliest posting/cleanup schedule both our crew & hazmat contractor can do for the Ballona Creek d/s (west) of the 485 Frey:

1st Posting: 4/23/19
2nd Posting: 4/30/19
Cleanup: 5/7/19

LMSA: will you be able to complete your outreach by 4/22/19 before we post? Pls. let us know to make sure we follow the protocol.

Jasson: pls. provide us location of encampments (6 #of PH folks) for this lower segment of Ballona Creek.

Thank you.

Hi Hannah,

Thank You for the update. I have included Sergeant Maxwell for the LAPD OMB HPE Team to clarify if his Team is able to assist on 4/25/19.

Take Care,

Enada

Subject: Re: Ballona Creek Multi Jurisdictional Task Force Standing Call

Hey folks,

On this morning's call we discussed moving the clean up date per the new rules for DMW clean up. Since they now need to wait until all of LMSA outreach has been conducted before they can post, the date for a clean up. With that being said, they will need to push back their clean up for everything west of the 485 from the 17th to the new target date which is 4/25. Before this is confirmed, they will need to confirm with their contractor. LMSA has agreed to this date. LMSA and LAPD does 4/25 work for you? Let me know so that can be communicated to DMW.

Thanks,
Hannah

Please note that DMW's maintenance responsibility upstream of the 485 Frey along Ballona Creek ends on La Salle Avenue, and from Washington Blvd. to Cochran, which is a concrete-lined channel. Overland Avenue is a few blocks south of La Salle, and have no PH issues at this moment.

The COE has maintenance responsibility from La Salle Avenue to Washington Blvd. Pls. coordinate directly with Eric and Richard of the COE for any PH encampment cleanup within this channel reach, if they plan to do one.

Thank you.

Thanks, Jemellee.

We will discuss this over the phone today during our 9:30am call.

On Thu, Apr 11, 2019 at 8:17 AM Jemellee Cruz <JCruz@dpw.lacounty.gov> wrote:

Good morning. I understand both LMSA and LASAN confirmed for 4/17 cleanup downstream of the 485 Frey along Ballona.

Per our big meeting with the Sheriff, LMSA, our County CEO, County Counsel, and my admin, we are changing our protocol. One of the major changes is that we cannot start the 14-day posting until LMSA has notified us that they have completed their outreach and coordinated with our Hazmat Contractor.

With that said, I need to check with our foreman and our contractor their new posting & cleanup schedule downstream of the 485 Frey and will keep you all posted.

NOTE: On 4/17, we are still confirmed to start the encampment cleanup from Overland Avenue to the 485 Frey.
